SAMPLE ITINERARY

Flight Routes

- 06/04/2026, Mon: Flight from Singapore to Jakarta.
- 07/04/2026, Tue: From Jakarta 01.10am (first flight Batik or Garuda Airlines) direct to Sorong (SOQ), arrival around 6.10am or 6.20am.

**However, instead of arriving on the day of boat departure (07/04/2026, Tue), we strongly advise arriving in Sorong a day before the boat departure (which is 06/04/2026, Mon) to account for any potential flight delays.*

Best to have arrival time in Sorong on 06/04/2026 to be close to hotel check-in time to avoid long waiting time before the check-in.

You may book your own hotel for the night, or if you need assistance, we can help with the booking.

Our operations team will either pick you up from the airport and take you to your hotel, or from your hotel to the boat the following day.

*Please ensure you take the first available flight to arrive on time.
In case of any flight issues, the cost will be covered by your insurance.*

Day 1 (07/04/2026, Tue): Sorong - Misool (No Dive)

Arrive in Sorong Airport. Our representative will be waiting outside the arrival hall and ready to escort you to the ship for immediate boarding. Cabin allocation and ship orientation will take place before departure. Take this opportunity to familiarize yourselves with the vessel, make yourself comfortable.

Meals: Breakfast, Lunch, Afternoon Tea and Dinner

Day 2 (08/04/2026, Wed): Area Yeliet-Boo (4 dives)

Exploring Boo Rock and Boo Point east, where we can see large Napoleon Wrasse and Green Turtles. Boo rock is best known for the "windows" or rounded openings on the southern end of the largest rock that completely pierce the reef from the surface down to about five meters. Although the two rocks appear separate from the surface, they are connected underwater by a magnificent reef draped in soft corals and brimming with fish. Meal: Simple Breakfast, Full Breakfast, Lunch, Afternoon Tea and Dinner

Day 3 (09/04/2026, Thu): Fiabacet (4 dives)

Whale rock is the westernmost dive area of the Fiabacet chain, arguably the most beautiful tropical reef system on the planet. Especially when viewed from the south, the largest Fiabacet island looks like a caricature of an enormous whale floating at the surface. This is also the best opportunity to observe interesting juvenile fish, nudibranch and other invertebrates. In the Middle of the Fiabacet, the submerged east point of Nudi rock is undoubtedly one of the top dives in Raja Ampat. Here you can watch colonies of Convict Blennies huddle around sea fans while large Green and Hawksbill Turtles glide through the blue. Myriad species of soft coral and sea fans cascade down the slope and smaller animals like Decorator Crabs and Cleaner Shrimp abound.

Meal: Simple Breakfast, Full Breakfast, Lunch, Afternoon Tea and Dinner

Day 4 (10/04/2026, Fri): Karawapop (3 dives + Love Lagoon Hiking)

This is the interesting side, so pristine and untouched, Wayilbatan. On this side you will find excellent Macro life including several species of pygmy seahorse, octopus, Nudibranch and Ghost Pipefish. This side usually on the wall on the northwestern quadrant and swim east if the current permits. We can continue to the Neptune's sea fan. Here, when the current is strong, the surface water is very smooth and it is easy to shoot wonderful image of the fan rising up toward a reflection of the island wall. We will do trekking at Love Lake.

Meal: Simple Breakfast, full breakfast, Lunch, afternoon tea and Dinner

Day 5 (11/04/2026, Sat): Balbullo (3-4 Dives)

Schools of platax, snapper, bump head parrot fish cake can be found at these dive sites, including barracudas and jack surrounding the pinnacles. Also can spend time in the hidden lagoon, a very special anchorage inside a narrow bay enclosed by towering rocks.

Meal: Simple Breakfast, full breakfast, Lunch, afternoon tea and Dinner

Day 6 (12/04/2026, Sun): Jellyfish + 1 dive

Located at the south Misool, Lenmakana's jellyfish are not only sting-free but also exceptionally friendly towards humans, creating an extraordinary experience for those who venture into this hidden gem.

Meal: Simple Breakfast, full breakfast, Lunch, afternoon tea and Dinner

Day 7 (13/04/2026, Mon): Sorong

After breakfast, prepare for disembarkation. Be ready to leave the boat and you will be transferred to Sorong Airport for your next destination. Your diving journey has ended and we shall look forward to welcoming you onboard again.

Meals: Breakfast

**Note: All times in this itinerary are estimates only. Times, dive sites and number of dives can change, depends on the weather condition, dive skill, and special request or circumstances.*
